Luckley
HOUSE SCHOOL

A WARM WELCOME TO LUCKLEY

BELIEF CREATES POSSIBILITY

STEP INSIDE A LUCKLEY HOUSE EDUCATION

Luckley House School is a thriving co-educational independent school for pupils aged 11 to 19, offering day and boarding places. Our wonderful community is located in beautiful grounds with excellent facilities in Wokingham, Berkshire just 40 miles from London. Luckley's distinctiveness lies in the combination of our Christian ethos, our size and the flexibility that we are able to offer to our pupils and their families. Be it breakfast, supper, twilight sessions, flexi, weekly or full boarding or the wide range of subjects and activities available, Luckley really does have truly outstanding tailored provision.

At Luckley all our pupils are encouraged to follow their individual interests. We provide a distinctly broad academic education that encourages pupils to find the path that is uniquely theirs. Our curriculum celebrates sports as well as the creative and performing arts alongside academic achievement, providing a holistic education aimed at encouraging our pupils to be well-rounded individuals, ready and equipped to live their lives well.

A Luckley education is shaped by the individuals it serves. In addition to our broad curriculum, the Enrichment Programme, run by our highly qualified teachers, gives pupils opportunities to discover new talents and interests. Importantly, all we do is underpinned by outstanding pastoral care which allows pupils to flourish. We believe in our pupils and support their hopes, dreams and aspirations to the highest degree – whatever these may be.

As you look to your child's future, I look forward to welcoming you to Luckley House. I hope you enjoy browsing our prospectus to get a flavour of what our School has to offer. Even more, I hope that you will visit us to experience why life at Luckley is so special.

NOW IT IS YOUR TURN TO BELIEVE

Claire Gilding-Brant
Head

‘Luckley has provided me with opportunities to grow academically, develop confidence, build lifelong friendships and discover my individual strengths.’

Millie, Student

SCHOOL LIFE AT LUCKLEY

LUCKLEY LIFE OFFERS AN INTIMATE AND INSPIRING SETTING

We understand the importance of choosing a school where your child’s individual potential is nurtured, where they will feel happy, and have the time and the space to thrive. Walking through our doors, you will sense the warmth and generosity of spirit we show to one another. Teachers at Luckley dedicate their time to get to know each and every pupil, which paves the way in supporting them to achieve their aims and ambitions.

ENJOY EXTRAORDINARY OPPORTUNITIES

An incredible breadth of opportunities gives all our pupils the chance to try something different and discover hidden talents, life-long interests and new passions. Each day at Luckley begins with a sense of excitement, where we encourage pupils to have fun while learning in our friendly, supportive environment through a broad curriculum that both stretches and nurtures.

Our community is small enough for everyone to be seen and heard, but it is also one that is large enough to provide exciting opportunities for all. Learning is a lifelong adventure that we feel should develop pupils holistically, as people who wish to make a positive difference to the world.

OUR STRONG AND SUPPORTIVE COMMUNITY

Everyone at Luckley is connected and parents are welcomed as members of our dedicated parents’ association, Luckley House Friends. The extent to which you get involved is completely up to you as we recognise that our parents lead full and busy lives. Luckley House Friends is run by a group of parents and staff and offers a host of functions for you to enjoy.

So many of our parents support our events through the year and, as a result, form strong relationships across the community in our family oriented school. Building connections for life is important and valued at Luckley.

Our community is far-reaching and includes our wonderful alumni, keeping our School tightly connected to its past whilst firmly looking to the future. We cherish the strong ties we continue to have with former parents, pupils and staff, with much to offer and share with one another. Many of our alumni return to Luckley for reunions and school events and we are always eager to learn about their lives. Others return to lend their expertise by giving inspirational addresses and supporting our Sixth Form students with practice interviews in preparation for university as part of the Pre-University Programme. Bringing our past and present students together enriches the lives of both.

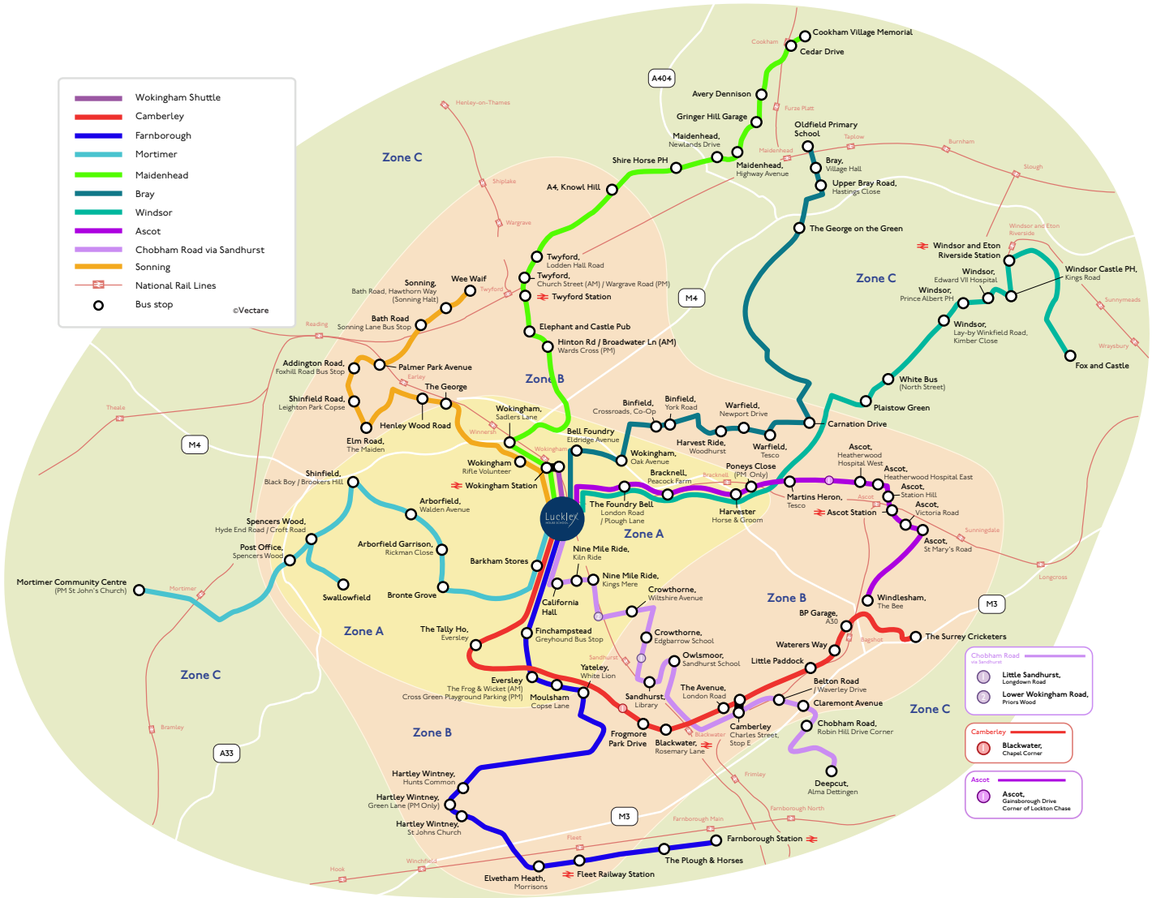
SCHOOL TRANSPORT ROUTES



‘Parents rave about the flexible, caring provision that this ‘little gem’ has to offer.’

The Good Schools Guide

LUCKLEY LIFE ESSENTIALS

COMMUTING TO SCHOOL

Situated on the edge of Wokingham, there are good transport links to Luckley. A considerable number of pupils walk, cycle or use our school transport service. We offer morning pick up and a double service in the evening at 16:10 and *17:40 to provide the option for pupils to enjoy after-school activities.

Vectare, a specialist school transport management company provides a dedicated booking website for our school transport. This offers a host of other benefits, including tracking the school bus and receiving email notifications when your child has boarded the service. Costs are available on the Vectare website. *Please note that there is no late bus on Fridays.

We do encourage ‘green’ journeys and offer twilight sessions and flexible boarding as another option to meet busy schedules.

OUR FLEXIBLE DAY

To meet the needs of modern life, we offer our families an extremely flexible school day. Early drop off and breakfast, the Enrichment Programme, supper and twilight sessions, which include prep and even flexible boarding, provide a wide range of options.

UNIFORM

We work with Stevensons to produce all our uniform. Items can be ordered online at www.stevensons.co.uk, or you can visit the Stevensons store at their Reading branch in Chatham Street.

Email: readingbranch@stevenson.co.uk

ENRICHMENT PROGRAMME

Our Enrichment Programme provides a wide range of engaging activities including: Sports, Arts and Crafts, Classics, Music, Drama, Debating, Cooking, Eco-Schools and so much more. In addition, supervised prep is available after school for pupils that prefer to do their homework in the school environment rather than at home. Parents can have the peace of mind knowing that their child is engaged and well provided for throughout the day.

HEALTHY MEALS

In our spacious dining room, all at Luckley enjoy shared mealtimes. Our dedicated Chef and friendly catering staff create fresh and nutritious meals daily, to suit all dietary needs. Our pupils enjoy a wide variety of delicious home-made hot dishes alongside a selection of fresh salads, fruits, yoghurts and desserts.

Copies of the menus are available on our website.

COMMUNICATION

Relationships with families are of utmost importance and this is reflected in Luckley’s approach to communicating with parents. In addition to Parent Evenings, you will be welcomed into school to talk over any concerns which arise.

The School uses ‘My School Portal’ and ‘School Post’ for communicating with parents and this can be accessed via the School website. The PE Department uses the SOCS App for sports fixtures.

FLEXIBLE DAY COSTS

Option 1: Early Start – Drop your child off at 07:45 for breakfast – £6 per day

Option 2: Activities & Supper – Your child can stay for enrichment activities and join the boarders for supper until 18:30 – £7 per day

Option 3: Twilight Care – Your child can stay for enrichment activities, then join the boarders for supper and supervised prep up until 20:00 – £27 per day.

Breakfast and Twilight Care – £30 per day.

(Prices as of Autumn term 2026)

'Luckley encourages every pupil to strive for their personal best and I have really benefited from individual attention, both inside and beyond the classroom. I can confidently say that Luckley has equipped me with the knowledge, confidence, and values that will guide me into the next stage of my education and beyond.'

Darcey, Head Student (2026-27)

ACADEMIC

TAILORED CURRICULUM

Luckley's academic curriculum is broad and varied and can be tailored to meet individual needs. Whatever a pupil's interests, our curriculum is structured in a way that will let them thrive academically, encouraging each pupil to exceed expectations. This is made possible through small class sizes, appropriate settings and thorough academic tracking. At Luckley we cater to a vast range of interests and abilities, providing the foundations that develop intellectual curiosity and a thirst for knowledge.

TEACHING EXCELLENCE

As you walk around our School you will find teachers with excellent subject knowledge who follow their passion beyond the classroom. Ours is a broad and balanced curriculum, with enrichment activities, tasks and trips that are guaranteed to spark pupils' interests and imagination. We aim for our pupils to fulfil their academic aspirations through self-discipline and independence, with an understanding that success is quite different for everyone.

The quality of teaching at Luckley is second to none. Each of our pupils receives personal attention and a tailored learning journey to push them to the best of their abilities.

Additional GCSEs can be introduced for exceptional learners that play to their talents and a Higher Project Qualification (HPQ) award is offered to all and encouraged amongst our scholars.

There is also the opportunity to study an additional foreign language for native speakers.

Parents benefit from close contact with teachers to ensure pupils are both celebrated and supported at home and at school. Five termly assessments mean our teachers have a concise overview of your child's needs.

Homework setting and tracking ensures that a pupil's learning journey is transparent and accessible to parents.

EMBRACING TECHNOLOGY

Each Luckley pupil uses a Microsoft Surface tablet accessing 21st century learning, keeping them connected with their teachers and peers. Through the use of technology, pupils learn the advanced skills of digital collaboration, communication, knowledge construction and real-world problem solving.

THE CURRICULUM

Years 7 - 9 (Key Stage 3)

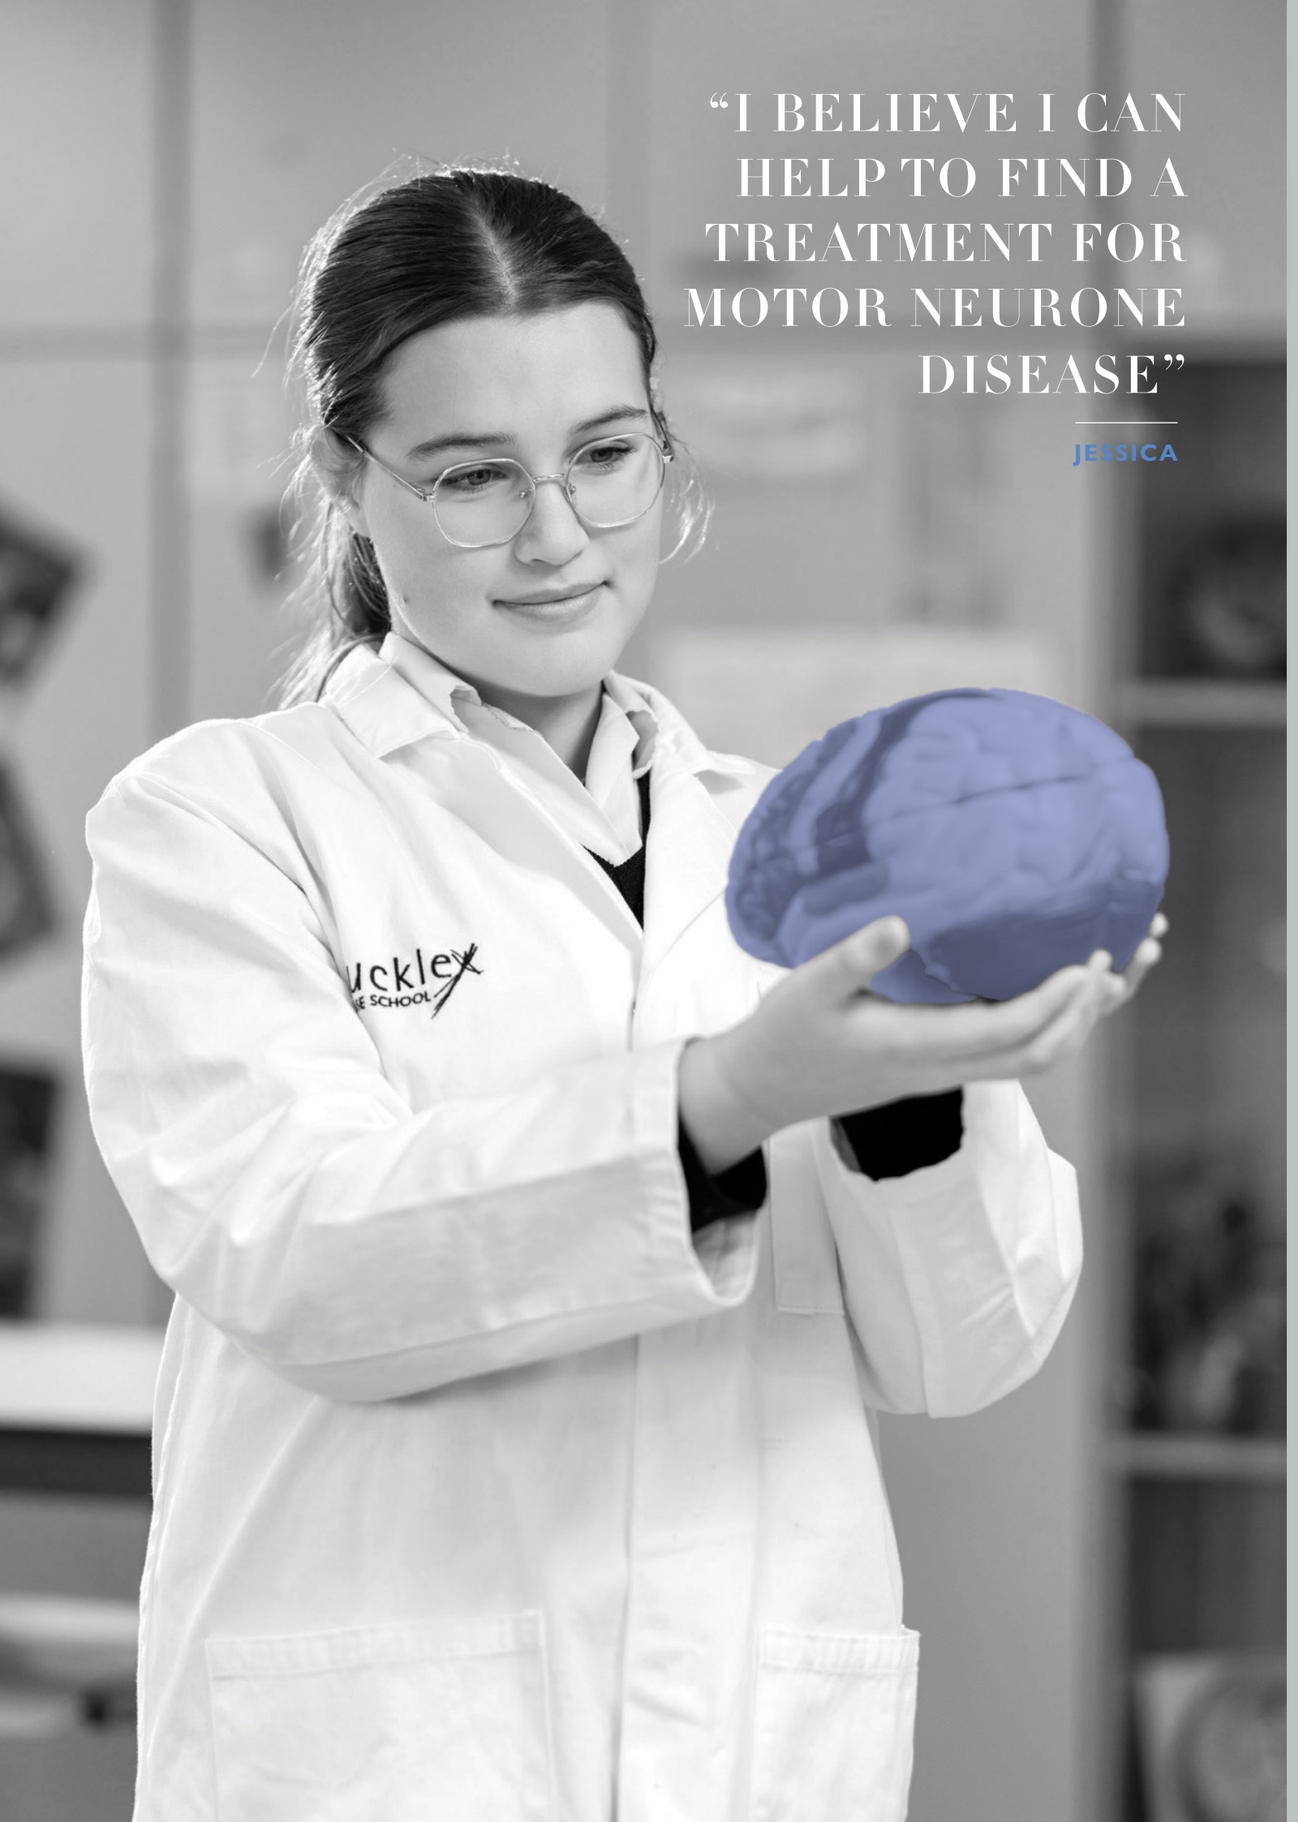
Pupils follow a broad, balanced programme of study including: English, Mathematics, Science, Modern Languages (French, & Spanish), Art, Design Technology, Drama, Food & Nutrition, Geography, History, ICT, Music, Photography, Physical Education, Religious Studies and Life Skills (our Personal, Social and Health Education programme).

Years 10 - 11 (GCSE)

In Year 9 pupils receive guidance in their choice of GCSE options. All pupils follow a common core of English Language, English Literature, Mathematics and Science (Double). Four further options are chosen from Art, Business, Computer Science, Design & Technology, Drama, Food Preparation & Nutrition, French, Spanish, Geography, History, Music, Photography, Physical Education, Religious Studies and Triple Science.

The curriculum is planned to ensure maximum flexibility of choice. In addition, all pupils continue with Life Skills and PE.

SEE THE SIXTH FORM PROSPECTUS FOR A LEVEL SUBJECT CHOICES.



‘Luckley is like a second family where everyone is encouraged to pursue their individual interests and supported to achieve their full potential.’

Rory, Head Student (2026-27)

PASTORAL CARE

OUTSTANDING PASTORAL CARE

Our pupils experience excellent pastoral care throughout their journey at Luckley House, helping them to develop into the best version of themselves. We firmly believe that pupils who are well supported pastorally will thrive academically, socially and spiritually. We know all our pupils as individuals and tutors and teachers are quick to offer encouragement and support when needed.

True to our Christian values, we believe that everyone has the capacity to flourish through an attitude of love and service to others. Excellent school communications with parents and between staff means that we are well-informed and ready to help at any time.

SPIRITUAL LIFE OF LUCKLEY

Luckley’s School Chaplain supports the pastoral, moral, and spiritual life of the school. The Chaplain oversees services and assemblies, works closely with Governors and the Senior Leadership Team, and leads our Life Skills programme.

With a strong focus on pastoral care and the ability to build trusted relationships across the community, the Chaplain provides valuable support and guidance to pupils, parents and staff.

SUPPORTING STUDENT WELLBEING

Alongside daily contact with dedicated form tutors, pupils will benefit from our Mentoring Programme, run by specially appointed Sixth Form Prefects.

This balance of adult and peer support means there is always a helping hand and friendly face available in every situation.

Our Life Skills Programme provides a rich curriculum, covering all aspects of relationship, personal, social, health and economic (RSE and PSHE) education.

Lessons are delivered by a small group of subject experts and external specialists, preparing our pupils for the exciting, yet sometimes challenging world that is open before them.

As well as being supported by form tutors, the Assistant Head (Attainment & Wellbeing) and the Deputy Head (Pastoral), all pupils have access to the school counsellor.

Offering a variety of recognised therapies, our counsellor helps pupils to overcome obstacles that get in the way of daily life; leading to positive outcomes.

Our qualified nurses manage our Health Centre and are on hand to help pupils with any health concerns and emergency situations. Our nurses also organise appointments for boarders attending the local surgery, as well as dentist, orthodontist, opticians and vaccination appointments.

OUR HOUSE SYSTEM

A vibrant House system stimulates a sense of community where mutual respect, friendly competition and teamwork are developed. Pupils interact and build friendships with those from other year groups while Sixth Formers take on the role of House Captains. With competitions across Sport, Drama, Music, and the Arts, the House Cup is a much sought after Luckley accolade.

LEARNING SUPPORT

SPECIALIST SUPPORT

At Luckley, we offer outstanding support for neurodiverse students, with our Learning Support Department dedicated to enhancing opportunities and success for pupils with learning differences through specialised assistance.

We embrace the use of assistive technology, and for those pupils who meet the examination boards' criteria, we can facilitate a range of access arrangements.

Whole school literacy screening with the Lucid Exact online screening tool, together with in-house assessment carried out by specialist assessors, ensures that we have a full and detailed picture of any pupil's individual needs as they progress through Luckley House.

The overall aim of The Learning Support Department is to encourage self-belief, promote independent learning and celebrate neurodivergent thinking. With the right support, skills and strategies we are confident that our learners will be empowered to succeed not just at school or university but in the workplace and adult life.

SIX WEEK STUDY SKILLS COURSE

Luckley's unique six-week study skills course is open to all pupils across the age range, but each session is carefully calibrated to enhance the academic performance of the individual and thus offers a highly bespoke learning experience.

The course begins with effective goal setting and then explores how to collate those resources and materials that are key to academic success, before moving on to explore time management, how to deal with adversity and examination preparation and technique. At every stage we encourage learners to take ownership of their learning to develop resourcefulness, resilience, and a sense of self-efficacy which will serve them well, both within secondary school and in whatever path they choose beyond this.

DYSLEXIA SCREENING

This is designed to establish if a full diagnostic assessment is required, or to determine if examination arrangements are appropriate for the individual. Typically this screening assessment will include detailed interpretation of test results, such as cognitive processing skills, e.g. memory, phonological awareness, speed of phonological processing.

SUPPORT & ASSESSMENT COSTS

Personal Tuition (eg EAL) - £78 per session.

Dyslexia Assessment - £300 per assessment.

Specialist Individual Support and Specialist Study Skills Support - For pupils with recognised learning differences. £66 per session.

Luckley

‘ I wish I could stay for another year, as I never get bored. I love my boarding family and all the opportunities that being at Luckley is giving me.’

Marina, International Student

BOARDING

A HOME AWAY FROM HOME

Within the comfort of our contemporary living spaces our boarders share a friendly and warm home away from home, supported by our dedicated boarding team. Boarding at Luckley helps our pupils to expand their horizons beyond the classroom and gives them space to grow independently and allow friendships to flourish.

DEVELOPING LIFE SKILLS

Boarding at Luckley provides an inspiring setting to study, socialise and stay active. The opportunities are plentiful. Activities are organised with everyone’s preferences in mind and new relationships forged to great benefit.

Luckley boarders are immersed into school life and this equips them well with the life skills needed to thrive in the future, both independently and in team environments.

OUR BELIEF IN FLEXIBILITY

We welcome full, short-term, weekly and flexible boarders from the UK and across the world.

Weekly boarding is popular with pupils and their families, allowing pupils to experience the structure and support of regular boarding with the flexibility of being at home at weekends.

Flexi-boarding is of great benefit to our families, particularly when parents have work or social commitments, or pupils themselves have a late night or an early morning in school.

Equally boarders may wish to stay at school during exam periods or simply to enjoy a sleepover with their friends, especially after school events.

WEEKENDS

Our boarders are regularly joined by day pupils for exciting trips and activities at the weekends. These include theme parks, seaside, shopping trips and other leisure activities, as well as visits to cultural places of interest, such as Windsor, Oxford, Winchester and London.

George, Games Captain

SPORTING EXCELLENCE

PROMOTING A LOVE OF SPORT

We believe that all pupils should understand what it means to lead a healthy and active lifestyle. Our focus is on developing pupils’ physical abilities in preparation for lifelong involvement in sport, raising confidence and promoting wellbeing.

SPORT IN THE CURRICULUM

By offering versatile, innovative opportunities tailored to each pupil’s individual interest, we create a diverse sporting environment where everyone can succeed.

Sport at Luckley continues to grow rapidly, offering a well-balanced recreational and competitive sporting fixtures programme including football, netball, hockey, rugby, cricket and basketball. Pupils are given opportunities to represent the School at regional and national levels. Pupils in Years 7 and 8 participate in 21 different sports as part of their physical education and games curriculum; taking such disciplines as athletics, tennis, badminton, handball, gymnastics and dance.

The curriculum is adapted to reflect the interests and aptitudes of individuals as well as year groups. Other opportunities include our annual Sports Tour Programme and the highly anticipated annual ski trip.

LUCKLEY’S ATHLETE DEVELOPMENT PROGRAMME

Our Athlete Development Programme (ADP) is open to all our pupils but intended specifically for our sports scholars. Designed to improve pupils’ sporting abilities, the programme is managed by the Director of Sport and run by our own strength and conditioning coach. The programme allows pupils to develop strength and fitness, to improve technical proficiency and to augment their game, culminating in one-to-one sessions for our most able scholars.

Alongside a personalised programme of practical sessions, the ADP offers sports scholars and those showing athletic promise additional workshops and lectures, taking sports learning to a new level. A sports scholarship is available to those joining the School in Years 7, 9 and 12.

ENRICHMENT ACTIVITIES

Additionally, we encourage our pupils to take part in our rich and varied Enrichment Programme to either reinforce key sports such as volleyball, tennis and rugby, or learn something completely new, such as climbing. For those seeking adventure beyond the more traditional activities we run our own Duke of Edinburgh’s Award Expeditions. This gives individuals the chance to plan, train and complete a self-reliant overnight expedition with an agreed aim to achieve different level certificates.

SPORT FACILITIES

Our outstanding sports facilities are all designed to encourage peak performance and wider participation. From a fully-equipped sports centre with a dedicated gym and a full-size climbing wall to our floodlit all-weather pitch and multi-use games areas, there is something for everyone. Our woodlands offer a world of adventure to roam and play, with Luckley’s zip wire (nestled amongst the trees) always a highlight.

‘The performing arts at Luckley ensure that your mind is opened, your creativity is challenged and your imagination reaches new dimensions.’

Katie, Head Student (2022-23)

PERFORMING ARTS

EXPERIENCE LUCKLEY’S DRAMATIC ARTS

Drama at Luckley provides the opportunity to promote self-confidence and communication skills, to explore issues and ideas in a supportive environment, and to develop awareness and sensitivity through group work and performance.

Pupils may choose to perform as part of the cast or experience the challenge of being a member of the crew. Drama at Luckley offers opportunities for pupils in different year groups to work and act side-by-side, encouraging strong friendships across the school.

There is a plethora of opportunities to experience dramatic arts, with regular plays and productions. Beyond weekly classes we offer further enrichment opportunities such as Drama Club and Trinity or LAMDA Speech and Drama courses, providing individual or paired tutorials. GCSE and A Level Drama are options for pupils going on to specialise in performing arts and talent is recognised through drama scholarships awarded to those entering Year 7, 9 and 12.

A STUNNING VENUE

The Whitty Theatre is a spectacular stand-alone first-class, professional theatre that thrills pupils at Luckley and the wider community. School productions and rehearsals are professionally staged and visiting theatre companies enjoy this inspirational and modern venue. Fresh original theatre is made with brilliant young people and directed by professionals in acting and dance; performing full-scale musicals, individual pieces and classic Shakespeare productions.

AN OUTSTANDING MUSICAL OPPORTUNITY

Our established music school produces an environment that absorbs passion as well as sound. From classical pieces to heavy rock, our pupils fully immerse themselves in inspirational music.

Learning to sing or play an instrument is an important part of Luckley’s educational experience. Leading an actively musical life is encouraged through a host of events and performances, from our House Music and Singing Competition to our whole school musical productions. Pupils are encouraged to participate in local and national events, such as the National Festival of Music for Youth. Collaborating with other music providers and professionals provides amazing experiences. Music plays an important part in developing individual social, emotional and intellectual skills.

Highly accomplished musical tutors work closely with individuals to inspire musical expression and promote a deeper interest and ability in music. Everyone is given the chance to have a go at the orchestral instruments of string, brass and wind in Year 7, as well as take part in enrichment activities such as Rock School, choirs, musical theatre, swing band, orchestra and many more. Wherever you are on your musical journey, there are clubs and ensembles before and after school, as well as over lunchtime.

FIRST CLASS FACILITIES

Pupils benefit from the first-class acoustic experience of our Music Centre and practice rooms. State of the art music technology and a fully equipped recording studio caters for recording performances, live sound for rehearsals, music composition, mixing and production. Thriving GCSE and A Level music programmes provide intensive musical study, while musically gifted pupils receive a tailored one-to-one programme for scholars.

We are proud of our pupils’ fantastic musical successes; many gaining places at music conservatoires and Russell Group universities studying music and awarded music scholarships.

'My art teachers are so supportive. They push me to experiment with cool and unusual materials, to take risks and learn to be more creative. I feel inspired when I am creating art and take part in the after school art activities too.'

Hannah, Pupil

THE CREATIVE ARTS

GROWING CREATIVE ARTS TALENT

As you walk through our vibrant workshops you cannot help but admire the creations adorning the wall and studio spaces. Outstanding textiles designs, incredible prints, embroidered and welded 3D works meet the eye. Home to Fine Art, Graphics, Photography, Textiles and Design Technology, our teaching spaces are furnished with some of the most innovative tools and facilities – including silk screen printing and a dark room for processing photographs. Specialist teachers nurture and inspire pupils to develop their own creative talent and many go on to produce outstanding work in their chosen Art, Design and Technology fields.

WORKS OF ART AND DESIGN

Art and Design form part of our long heritage and Luckley is well recognised for offering a high-quality arts and cultural education. Continuing to bustle with creativity, our innovative curriculum includes the Art of Film Photography and Colour Processing, meaning pupils are immersed in techniques not usually taught at school level, giving them an advantage when going on to specialise at university. A number of our talented artists exhibit in London and loan out art to businesses locally.

INTEGRATING TEXTILES AND DESIGN TECHNOLOGY

Textiles remains a popular choice at Luckley and Design Technology (DT) increasingly produces awe-inspiring works created to perfection. We encourage all our pupils to integrate different art disciplines, with use of our Textiles, Art and DT workshops. Drawings can be printed to fabric or silkscreen or recreated as 3D objects. Photography mixes with paint to great effect and hand cut alternative materials add interest to a fashion design. Our immersive and collaborative culture gives all our creative arts students the opportunity to shine, and so many do.

'As a Sixth Former at Luckley, knowing that I had the full support from teachers in my endeavours was a massive confidence boost. Teachers know exactly how we work, what extra support we need, and how best they can support us throughout our time here. They genuinely care about who we are and who we want to be.'

Harriet, Head Student (2021-22)

SIXTH FORM

LUCKLEY FUTURES PROGRAMME

We want to create a Sixth Form experience that is firmly focused on our students' futures, preparing them not only for academic success but also for life beyond school.

Through a combination of life skills development, meaningful real-world experiences and opportunities to build their personal portfolios, we will equip students with the confidence and capabilities needed to succeed in a rapidly changing world.

Our Sixth Form programme provides a wide range of personalised opportunities beyond academic study, enabling every student to develop their strengths, explore their ambitions and stand out in their next steps.

A CLOSE COMMUNITY WITH AMAZING EDUCATIONAL BENEFITS

At Luckley students are more than just a number. One of the greatest strengths of our Sixth Form is the close-knit community and the strong relationships students build with teachers who know them as an individual.

Lessons are lively and engaging with students and teachers creating a warm and friendly atmosphere of academic challenge, discussion and debate. Tutors build excellent bonds with all their students, becoming the critical friends that guide them through these crucial two years.

The combination of outstanding pastoral care and teaching excellence provides each of our students with the greatest opportunity to achieve their personal best. Students leave Luckley having learned to live their lives well and many return as alumni to support the School's activities.

AN ENRICHED DAY

Most students take part in enrichment activities ranging from lectures and debating to drama, music and sport. There is a good balance between focused academic study and the huge variety of enrichment activities on offer. We know our students benefit from our close-knit community, having learned what it takes to communicate and collaborate as young adults.

PLANNING AHEAD

Our Post-18 Guidance Programme is designed around the individual, helping students to make confident and informed decisions about their future. Whether your son or daughter is considering university, an apprenticeship, employment or another pathway, they will receive personalised one-to-one guidance to explore their options and identify the route that best matches their ambitions, interests and strengths.

Throughout Sixth Form students benefit from expert support with researching courses and careers, preparing applications and meeting key deadlines.

If students choose to apply to university, they receive dedicated guidance through every stage of the UCAS process, including support with writing a standout personal statement and submitting the strongest possible application. Our goal is to ensure that every student leaves Sixth Form with a clear plan, the confidence to take their next step and the skills to succeed in their chosen future.

EXPLORING CAREER OPTIONS

Our Future Connections Programme helps students explore the wide range of career opportunities available and make informed decisions about their future. They will have access to lectures, workshops and events delivered by universities, employers, apprenticeship providers and gap-year organisations, giving them insight into the pathways available. The programme will also help them to understand the skills, and qualifications that employers and universities value.

Our Alumni Mentoring Scheme connects students with former students who have successfully progressed into a wide range of careers and industries. Through these valuable networks, students gain first-hand insights into different professions, receive advice from those who have recently navigated similar pathways, and may even access work experience and networking opportunities relevant to their interests.

ADMISSIONS

We aim to make admissions as simple and stress-free as possible for all prospective pupils and their parents, with our Registrar keeping families well-informed at each step of the process. Ultimately we are here to help you decide if Luckley is the right school for your child.

YEAR 7 AND 9 ENTRY

We admit pupils at age 11 and 13 through an entrance examination process, where both academic ability and all-round potential are assessed. Our entrance examinations will test pupils in Mathematics, English, Verbal, Non-Verbal, Quantitative and Spatial Reasoning. We consider a report from the current Headteacher and all candidates will have an interview with the Head or another member of the Leadership Team. As part of the interview process for Year 7 entry, we invite pupils to complete a personal 'story board' to demonstrate their hobbies, achievements and interests. All prospective pupils sitting the examination must be registered by mid November of the preceding year - online registration is available via the website. A non-refundable registration fee of £150 must be submitted with the registration (£250 for overseas pupils).

OTHER YEAR GROUPS

Pupils who wish to join us at other entry points will be assessed through an entrance examination, interview and school report. In instances where the pupil is overseas and unable to sit the exams at Luckley House School, they can be sat in their current school under examination conditions. Admission is dependent on vacancies in the relevant year group.

SIXTH FORM ENTRY

For entry into Sixth Form, the pupil's predicted examination results, school report and interview are considered in the selection process.

ENTRANCE DAYS

Entrance days take place on a number of dates in October and November. Please contact the Registrar for details.

OFFERS AND ACCEPTANCES

Offers will be made to pupils by the end of January of the year of entry. Parents are asked to confirm acceptance of the place by early March. The acceptance form should be returned along with a deposit of £1800 (inc VAT). All deposits are set against the final term's disbursements.

VISITING LUCKLEY

There are many opportunities for prospective families to visit Luckley House School.

Open Events

Autumn Term
Open Morning
Saturday 10 October 2026

Spring Term
Open Morning
Wednesday 17 March 2027

Summer Term
Open Evening
Wednesday 23 June 2027

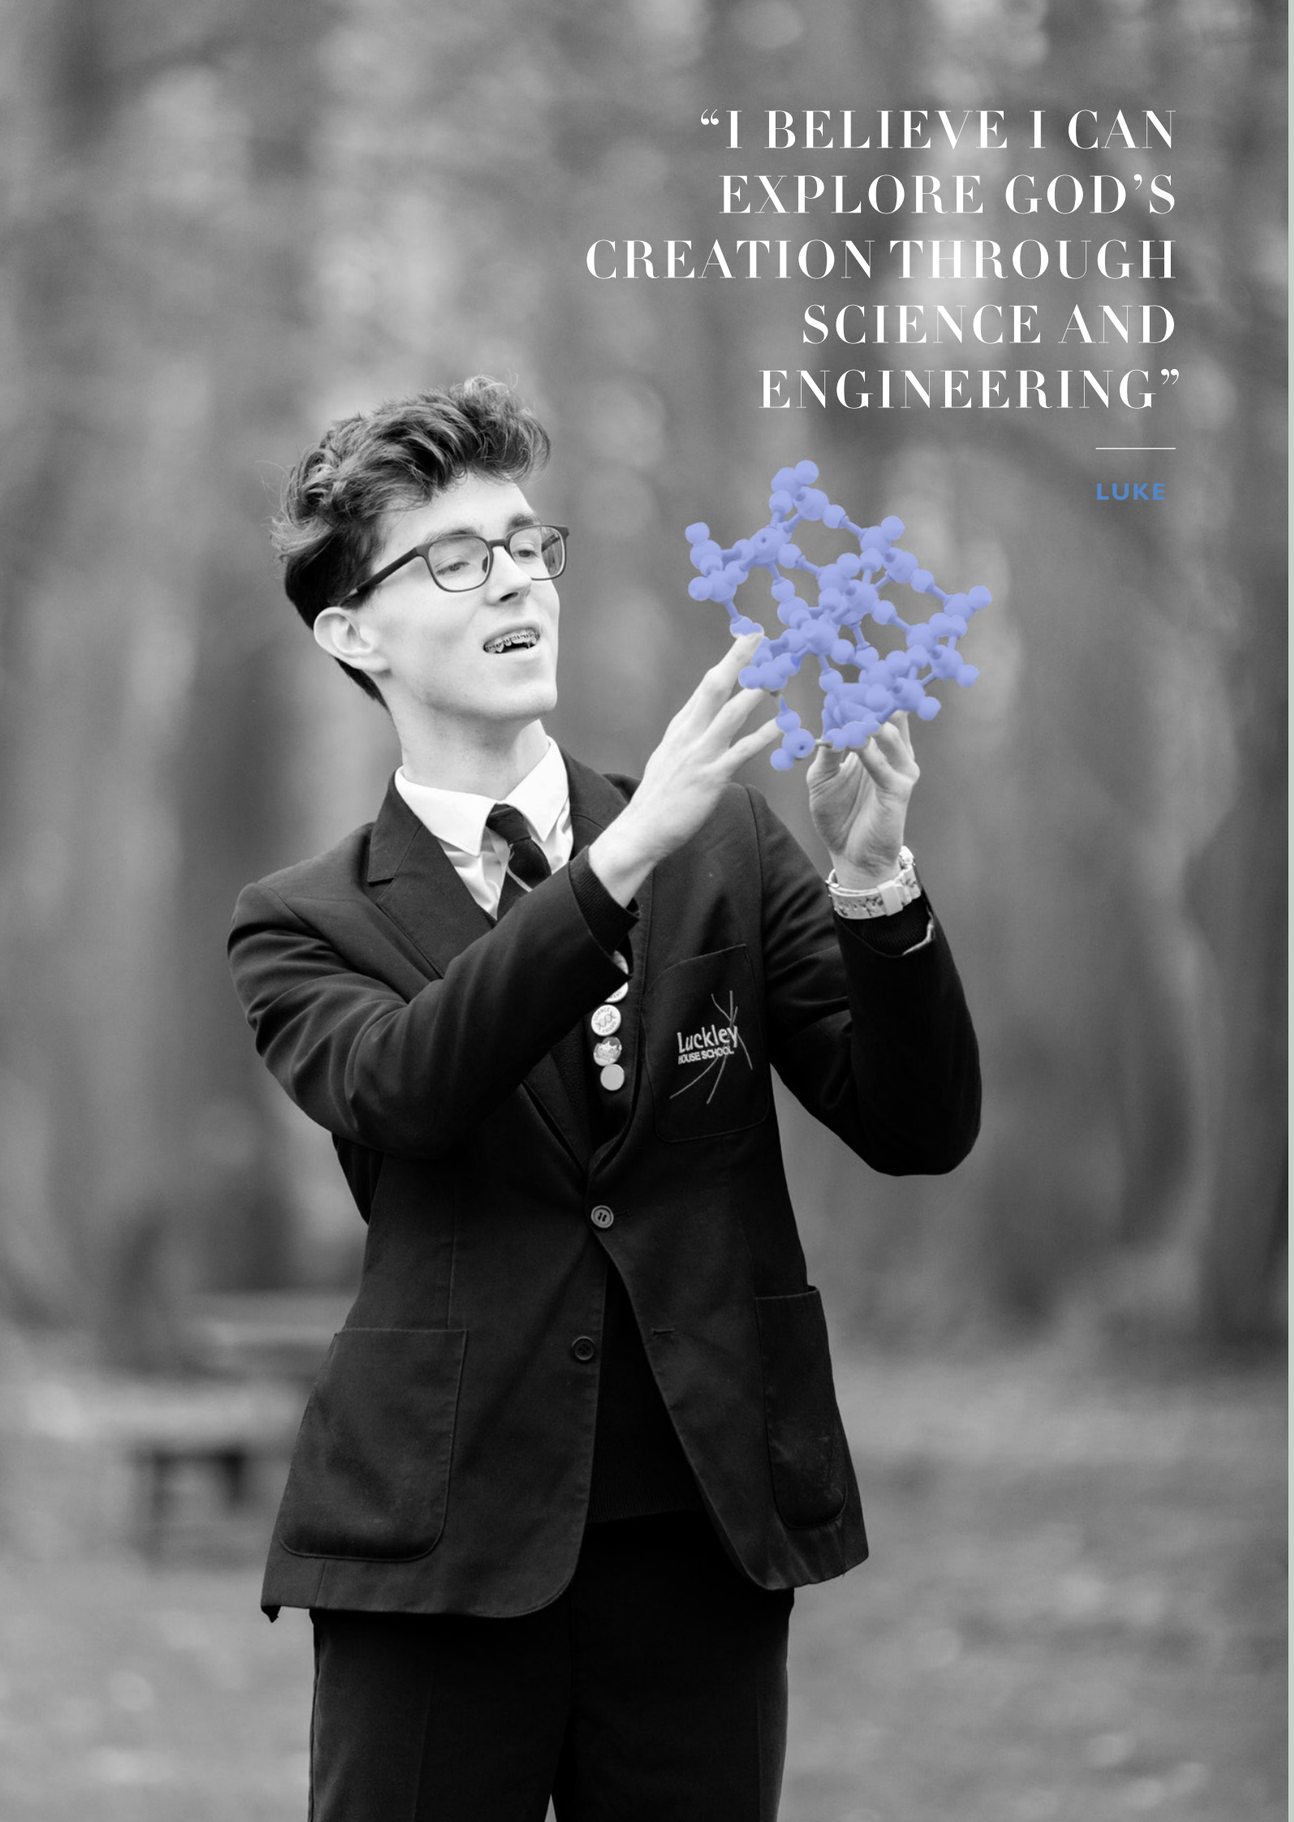
Individual Appointments

Individual appointments to meet the Head are available every week and can be arranged by contacting the Registrar on 0118 974 3221 Email: Registrar@luckleyhouseschool.org.

Taster Days

We welcome pupils from schools across a wide area to our taster days.

Details of all open events and taster days are available on our website: luckleyhouseschool.org



FINANCIAL INFORMATION

2026/27 FEES PER TERM

We aim to make our fees as inclusive as possible. The figures below include tuition, text books, lunch and break refreshments and most after-school activities.

AUTUMN TERM 2026

Day - £8,780
Weekly Boarding - £12,210
Full Boarding - £15,360
Flexi Boarding - £60 per night
(Inclusive of VAT)

ADDITIONAL COSTS

EXEAT Weekends
There is one optional EXEAT weekend per half term. Boarders may stay in school if they wish at a cost of £180. There will be activities running at an additional cost in line with the usual weekend boarding costs.

Personal Tuition- £78 per session

Speech and Language lessons and Music lessons on a wide range of instruments are available from peripatetic teachers who will submit their own bills, which should be paid directly to them.

Alumni Joining Fee - £80. Luckley’s alumni community is a far-reaching community that spans decades and is situated in all corners of the world; with opportunities to network, seek work experience and career opportunities as well as enjoy reunions and sporting events.

TRANSPORT

Visit www.luckleyhouseschool.vectare.co.uk for details of costs.

SCHOLARSHIPS

Year 7 and Year 9 entry

Academic Scholarships are awarded based on the results of the entrance examination and a subsequent presentation to the Head and Head Students.

Art, Music, Drama and Sport Scholarships based on performance and interview are also available.

Sixth Form - Additional Academic Scholarships are awarded at Sixth Form, plus awards for Music, Drama, Sport and Art. Applications are welcome from both internal and external candidates.

BURSARIES AND DISCOUNTS

Means-tested bursaries are available. We also offer a sibling discount of 10% and a 25% discount for full time Christian workers. A further 10% discount is offered to UK Armed Forces and HM Foreign Office parents providing proof of receipt of Continuity of Education Allowance if not receiving further concessions.

Registration for bursary applications should be made by the end of September prior to entry. Contact the Bursary Department on 0118 974 3201 Email bursar@luckleyhouseschool.org

PAYMENT SCHEMES

We offer an in-house monthly instalment scheme and a ‘fees in advance’ scheme. Details of both can be obtained from the Bursary Department.

FEES PROTECTION SCHEME

Parents are able to register with the Fee Protection Scheme. The costs are calculated as a percentage of the termly fee, excluding extras. Please contact the Bursary Department for details.

FEES AND NOTICE

All tuition, boarding and transport fees are payable in full, on or before the first day of term. A full term’s notice, in writing to the Head is required before withdrawing a pupil, or changing from boarding to day. Failing such notice, fees in lieu will be charged.

TERMS & CONDITIONS AND POLICIES

A full copy of the School’s terms and conditions and key policies are available on our website.

WHAT OUR PARENTS SAY

"As a parent of three boys who boarded at Luckley House School, I can honestly say it has been an invaluable experience for them all. The pastoral care is outstanding and the staff are supportive and nurturing, helping pupils grow in independence and confidence beyond the classroom. Our children have learned to live with others, build strong friendships and take responsibility within a safe, structured environment.

The Boarding House is warm, welcoming and full of fun and togetherness. The excellent facilities provide cosy dorms for study and relaxation, while the common areas help them bond and develop life skills. There's never a dull moment, with activities, shared meals and celebrations giving them a strong sense of belonging and the confidence to embrace school life fully.

Boarding at Luckley has given our children so much more than an excellent education — we're truly grateful to the staff for helping them grow into capable, compassionate young adults."

Mrs W (Parent of Archie, Oscar and Hugo)

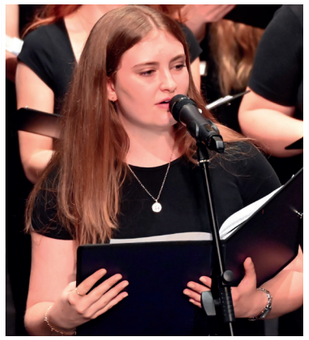
"As a parent of two children at Luckley House School, I have been delighted with the exceptional education, care, and encouragement provided by the school. The school has created an environment where both children have been able to develop academically, socially, and personally, while feeling valued and supported as individuals.
What stands out most is the school's commitment to nurturing each child's unique talents and abilities. The dedicated teachers and staff consistently demonstrate professionalism, compassion, and a genuine interest in the success and well-being of every pupil. Through inspiring teaching, excellent pastoral care, and a wide range of extracurricular opportunities, our children have grown in confidence, independence, and enthusiasm for learning.

Luckley House School fosters a strong sense of community, respect, and inclusivity, enabling students to thrive in a safe and encouraging environment. As parents, it is reassuring to know that our children are challenged academically while also being supported emotionally and spiritually to become well-rounded young people. Based on the positive experiences of our children, we would be delighted to see our third continue the same educational journey at Luckley House School in 2027. We have every confidence that the school will provide her with the same outstanding opportunities, guidance, and foundation for future success.

We are grateful to the entire Luckley House School community for the significant role they have played in our children's development and would highly recommend the school to other families seeking an excellent and nurturing education."

Mrs D-C (Parent of Hadriel and Raziela)

WHAT OUR PUPILS SAY



"Having been at Luckley since Year 7, I can honestly say it has shaped who I am. From the moment I arrived, I felt part of a supportive community where everyone is encouraged to grow and be themselves.

Music in particular has been a huge part of my journey, giving me unforgettable opportunities and the confidence to become Head Student.

The teachers have always believed in me, challenged me, and been there whenever I needed support. I know I will take with me, not only lasting friendships and memories, but also the confidence and values that Luckley has given me."

Emma (Head Student 2025/26)

"My time at Luckley has been a transformative journey that has shaped me academically, socially, and personally. Throughout this time, I have gained not only a strong foundation in subjects that have prepared me for the next stage of life, but also essential life skills such as time management, resilience, and teamwork.

Sport has been a large component of my development, whether on the basketball court, athletics track, or in PE lessons, I have learned the value of discipline, determination, and teamwork. Representing the school has given me a fantastic sense of pride and responsibility.

I have been lucky enough to secure a leadership role, which has allowed me to impact the younger students in a positive way, help plan events and contribute to the school community. These experiences have enabled me to gain confidence, build interpersonal skills, and understand how to lead by example. Most importantly, these six years have made me more aware of who I am and what I am capable of, and have set a strong groundwork for the years ahead."

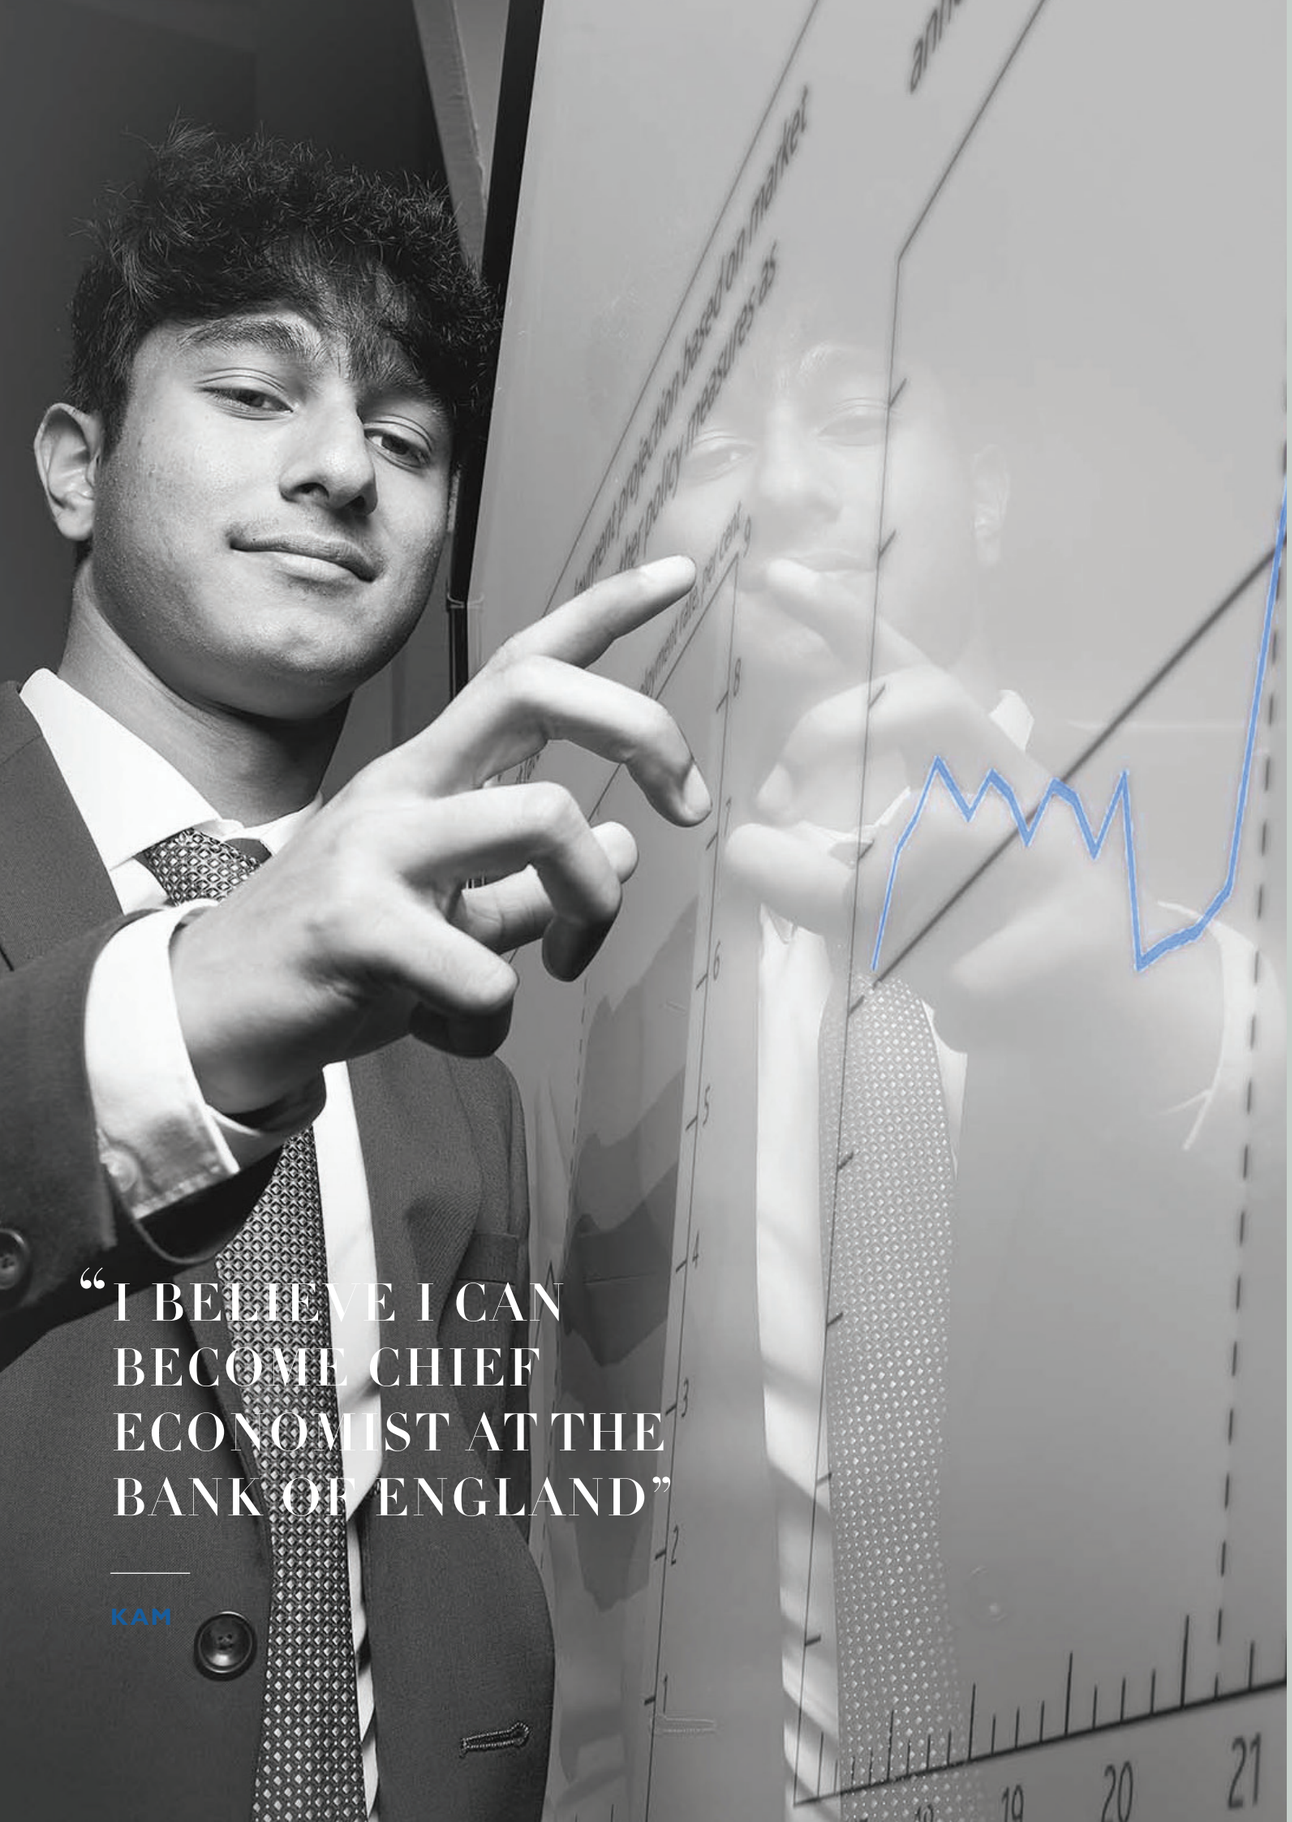
Ryan (Deputy Head Student 2025/26)

"Joining Luckley in Year 8 has shaped who I am today. Right from the beginning, I was welcomed into a community that made me feel valued, supported, and encouraged to be myself. I genuinely believe that whether pupils thrive in the classroom, enjoy performing in the Whitty Theatre, or excel on the sports field, the Luckley community provides an environment in which everyone can belong and succeed.

I realise how rare it is to find a school where teachers truly care, not just about your grades, but about you as a person. At Luckley, they know you, support you, and always have your best interests at heart, and that connection has made all the difference for me.
Drama has been especially important in my development, teaching me teamwork, leadership, and giving me the confidence to speak openly in front of others. I believe that the support I have received within the drama department made me capable of receiving a Head Student role.

Luckley encourages every pupil to strive for their personal best, and thanks to its small class sizes, I have benefited from individual attention both inside and beyond the classroom. As my time at Luckley comes to an end, I can confidently say that it has equipped me with the knowledge, confidence, and values that will guide me into the next stage of my education and beyond."

Darcey (Head Student 2026/27)



ALUMNI CASE STUDY

LIFE IN THE CITY - KAM’S JOURNEY

Kamran Khan joined Luckley’s Sixth Form as a scholar, making an immediate impression. Extremely hardworking and kind, it was no surprise when Kam was appointed to the role of Head Student, approaching the opportunity with ambition and optimism for his year group. His creative “superhero” campaign won him the position, a challenge he embraced wholeheartedly. Admired for his positive outlook and maturity, many of his peers looked to him for guidance and support.

Aiming high, Kam applied for a highly competitive degree apprenticeship at JP Morgan, an achievement he now considers one of his proudest to date. The application process was intense, involving group interviews, one-to-one assessments and multiple rounds of evaluation. Despite stiff competition, Kam’s determination, wit and self-belief carried him through.

Now in his third year as a Trading Assistant at JP Morgan, Kam sees the apprenticeship as a unique opportunity to combine real-world experience with academic study.

The programme provides a fully funded Finance degree from the University of Exeter, a salary and hands-on experience in a fast-paced environment. While he may not have the downtime enjoyed by his university friends, working closely with senior traders in a high-performance environment has more than made up for it.

After beginning on the Interest Rates desk and later moving to the Currency team, Kam now has his sights set on a Spot Trading position on completion of his apprenticeship. Trading is one of the most demanding areas of the industry, requiring quick thinking, composure under pressure and sharp instincts, all qualities Kam continues to develop.

Tuesdays are dedicated to his Finance studies, while Kam remains committed to personal growth. He regularly takes part in company-led initiatives, keeps active with early-morning workouts and runs to maintain balance. Saturdays are reserved for cricket, where he plays alongside three other Luckley alumni. He also makes time for friends, visiting them at university and enjoying weekend social events.

Travel gives Kam the chance to reset and reflect. Highlights include a family trip to Sri Lanka and the Maldives, as well as a two-week adventure in Peru with his best friend, culminating in an unforgettable trek to Machu Picchu.

Looking back on his time at Luckley, Kam recalls memorable moments including the black-tie dinner, the Edinburgh trip and the ‘Under the Lights’ sports fixtures. He also remembers the unwavering support of his Mathematics teacher, Mr Hall. Balancing academic success, Head Student responsibilities and university applications once felt like a heavy load, but Kam is now busier than ever and thriving under pressure.

Determined to give back, Kam has returned to Luckley to speak with current pupils about the benefits of degree apprenticeships and to share practical advice. With his fearless mindset, focus and can-do attitude, Kam Khan continues to set the pace, building a standout career in the heart of the City.

Kam, Head Student 2023

“I BELIEVE I CAN BECOME A FIRST-CLASS DOCTOR”

ARISSA

ALUMNI CASE STUDY

ONE MUSIC SCHOLAR ON HER WAY TO A MEDICAL DEGREE

Arissa joined Luckley the last term of Year 10 and quickly became a valued member of the school community, known for her exceptional academic and music talent. Her powerful vocals earned her the honour of opening Speech Day in her graduating year.

Warm, driven and with a deep sense of service, Arissa volunteered at Frimley Park Hospital while at school, supporting patients on surgical wards and those living with degenerative conditions. Her commitment to care extended beyond the hospital; she also mentored a younger Luckley student interested in medicine, always eager to encourage and support others.

After graduating from Luckley, Arissa studied Biomedical Sciences at Queen Mary University of London. In her second year, she ranked among the top 16 students across five biomedical programmes, securing a guaranteed interview for undergraduate-entry medicine. She went on to graduate with a First Class Honours degree.

Now in her second year of graduate medicine at the University of Surrey, Arissa is thriving in a close-knit cohort of just 90 students. The course’s state-of-the-art facilities and early clinical hospital placements have given her plenty to look forward to. Having received three offers, she chose Surrey’s four-year, condensed programme for its practical, patient-focused approach.

Alongside her studies, Arissa leads a full and balanced life. She maintains close, supportive relationships with friends and family and particularly enjoys spending time with her grandparents. She is also happy to care for family members when they are unwell, taking pride in being able to ask doctors the right questions and explain their answers clearly to her grandparents.

Summers are also busy. Arissa works as Camp Coach at a children’s activity club, leading a team of five staff and caring for up to 100 children. She is trained in paediatric first aid, underscoring her readiness for a future in medicine. She also contributed to medical research, writing a paper on patient depression following stroke or myocardial infarction, which was published in the European Journal of Preventive Cardiology, an Oxford Academic journal.

Arissa is more than academically gifted. She is compassionate, hardworking and dedicated to making a difference. From her time at Luckley to her university achievements and beyond, she continues to inspire and is on course for a life in medicine.

Arissa, Luckley Alumna (Class of 2022)

LEAVERS' DESTINATIONS

We are proud of the achievements of all our students. Most will go on to the university of their choice, with many securing places at Russell Group universities, or will take up prestigious placements at art and drama schools, including impressive degree apprenticeships.

Some of our recent leavers' destinations

University of Bath	Civil Engineering, Criminology, Sport Performance
University of Birmingham	Biological Sciences, Law, Psychology and International Business, with French
University of Bristol	Psychology with Criminology, Engineering, Mathematics
University of Cardiff	Politics and International Relations
University of Edinburgh	Biological Sciences (Biotechnology)
University of Exeter	Computer Science, Economics, Exercise and Sports Science, Marketing and Management, Mathematics, Politics
Imperial College, London	Geophysics
University of Leeds	Biochemistry, Music
University of Leicester	Law
UCL (King's College)	Classics, War Studies and History, Philosophy
Royal Holloway University	Philosophy, Politics and Economics, Business and Maths
University of Loughborough	Psychology
University of Manchester	Biology, Interior Design
University of Nottingham	Music and Philosophy
Queen Mary's University, London	Biomedical Sciences
University of Southampton	Psychology, Economics, Environmental Sciences, Law, Modern Languages, Physics
St Andrew's University	Geology
University of Surrey	Veterinary Medicine and Science
University of Warwick	Biomedical Science, English Literature
University of Winchester	Digital Media Design
University of York	English
Wheaton College, USA	Business
