GB Hockey player **ELLIE RAYER** discusses her hockey journey to the top

Ellie is regarded as one of the fastest players in the squad and can often be found sprinting past defenders on the international scene. She was a talented track and field athlete in her youth, Ellie represented Wales as a 400m sprinter but it's hockey where her heart has always belonged, working her way up through the junior system before making her debut in early 2017. With European, Commonwealth and World Cup experiences under her belt, Ellie boasts plenty of experience despite her young age as she now trains with GB towards representing her country at the Olympics – Tokyo 2021.
